**EXIGIS Continues Growth with Opening of San Francisco Office**

EXIGIS expands its core solutions practice with the opening of a regional office in San Francisco, California to provide enhanced support services, project management, consulting and business process expertise.

**NEW YORK, NY, SEPTEMBER 11, 2009** – EXIGIS, LLC., the leading provider of risk management and insurance software and services, today announced it expanded its core solutions practice with the opening of a regional office in San Francisco, California. EXIGIS’s new office will provide enhanced support services, project management, consulting and business process expertise to clients located throughout the west coast and abroad.

The new EXIGIS office is located at 505 Montgomery Street, Suite 1017, San Francisco, California, 94111.

“The opening of the San Francisco office marks a milestone in the evolution of EXIGIS and demonstrates our commitment to California and the San Francisco Bay Area. As the diversity and geographical location of our client base continues to expand, we want to ensure the availability, quality and consistency of EXIGIS software and services – *whether the client is located in New York, San Francisco, Sydney or London.*” said Frank McMackin, Director of Business Development, EXIGIS, LLC.

To support the development of the San Francisco office, EXIGIS announced it hired Roger Baclig to join the Business Services team led by Larry Hernandez, Director of Client Services. Roger will join the EXIGIS team as a Senior Project Manager. “We are excited about the addition of Roger and look forward to leveraging his extensive experience and project management expertise.” said Larry Hernandez, Director of Client Services, EXIGIS, LLC.
